

AirHedz

An innovative range of brushes with a choice of 2 different size quills, 'phat' and 'phine'. 'Phat' quills are chunky rubbery quills perfect for detangling, and are gentle enough to be used on wet hair. They act like fingers to separate hair without pulling or dragging.

Perfect on thick curly hair as they brush through curls without losing definition.

'Phine' quills gently control and tame flyaway hair, and are essential for long straight hair to smooth and finish. Both have natural beech wood backs with the AirHedz logo 'for hair with attitude' printed on the reverse.

AH1
Mega Taming 'Phine Pin',
cushioned base, beech wood handle

AH2
Maxi Taming 'Phine Pin',
cushion base, beech wood handle
