

Finest: Men's

Finest: Men's

Finest Men's is a hand finished range of bristle brushes. Designs come in various shapes, either oval, rectangular or with handles. Made from finest timbers and carefully sourced natural bristle which is 'cut' from different sections to offer a choice of strengths for thick, medium, fine or receding hair. Brushing hair is not only relaxing but improves circulation in the scalp and encourages essential oils to flow through the hair which protects and nourishes.
