

Natural Shine

A range of pure bristle brushes with beechwood handles, economically designed to provide bristle hair care for everyone. Natural Shine is the perfect introduction to using bristle. The range includes radial, flat, rubber pad and handbag designs in a wide choice of sizes.

Why Bristle?

Natural bristle is the perfect choice for looking after hair as the scaly surface of each bristle removes dust and excess products from hair, and smoothes the cuticles on the hair shaft, leaving hair looking shiny, healthy and free of frizz.
